RE: NY LQGs

Dear Ms. Marquez:

In preparation for the Biennial Reporting, and in order to ensure that Rite Aid's records and the records for New York are agreeing, I have reconciled my records against the EPA records on Envirofacts. Please provide a listing of Rite Aid's generator statuses that you have on file to ensure that our records match.

Please do not hesitate to contact me should you require additional information.

Kind Regards,
Rite Aid Corporation
